### GENERAL REQUIREMENTS

All driveway installation requests must be submitted to the County Engineer, be inspected, and have a permit issued by the County Engineer. Where site distance is a problem, an inspector will locate the driveway entrance. Cluster Lotsplit must meet all requirements noted in Clark County Subdivision Regulations.

### DRIVEWAY PIPE

Minimum pipe diameter shall be twelve (12) inches. Minimum length shall be twenty (20) feet. Acceptable materials shall be riveted, corrugated metal, reinforced concrete, and smooth-lined plastic. Smooth-line plastic may be used when adequate cover is available or as directed by the County Engineer. **No corrugated plastic tubing, spiral metal, water line or sanitary sewer will be permitted.**

Please make a sketch of location and distance to nearest intersection. Mark entrance with stakes or flags.
