

The Board of Clark County Commissioners met in regular session pursuant to adjournment in accordance with Section 121.22 O.R.C. (Sunshine Law) in the Commission Chambers, 3130 East Main Street, Springfield, Ohio.

The following members and guests were present: Commissioner Melanie F. Wilt; Commissioner Lowell R. McGlothin; Commissioner Richard L. Lohnes; Jenny Hutchinson, County Administrator; Michelle R. Noble, Assistant County Administrator/Human Resources Director; Megan Burr, Commission Clerk; Angela Wheeler, Administrative Assistant; Michael Cooper, Public Information Officer; Tom O'Neal, Veterans Services; Ethan Harris, Community & Economic Development Department; Roger Sherrock, Clark County Historical Society; Doug Wood; Louis Agresta, Transportation Coordinating Committee; Ron Coss, Veterans Commission.

Commissioner Wilt called the meeting to order and introductions were made.

Agenda Review:

Ms. Hutchinson reviewed the agenda.

Resolution 2022-0065 authorized contract amendment #1 with Northwest Security Systems. They are upgrading the security door fobs and cameras at Municipal Court and Springview. Some of the mag locks need replaced that weren't in the original scope. It will get everyone on one central system.

Resolution 2022-0066 authorized an intergovernmental agreement with the Village of Enon for funding, design, coordination and construction for South Xenia Drive resurfacing project. Commissioner Wilt asked if that was part of the overall project outside the school.

Resolution 2022-0067 authorized a contract amendment #2 with Strand Associates for the Enon-Xenia Road project. This is a different portion of the road than the resolution above.

Resolution 2022-0068 authorized a contract with A1 Able for another year of services for the Job and Family Services Department.

Resolution 2022-0069 authorized a contract with the Ohio Public Works Commission (OPWC) for administrative services for the Natural Resources Assistance Council (NRAC). Mr. Agresta explained TCC has provided the administrative services for District 11 for close to 20 years. District 4 is Montgomery County. In the past the Montgomery County Engineer has provided the administrative services but they don't want to do it anymore. TCC already has the skill set and will provide those services. The scope of work is the same for both contracts. This is for the Clean Ohio Conservation Program which funded the Mad River Gorge and Glen Helen. The purpose is to conserve natural areas. Commissioner McGlothin asked about the workload. Mr. Agresta said it wouldn't be much extra work. They have enough staff to cover it.

Resolution 2022-0070 authorized an amendment with Greater Ohio Workforce Board to reflect reemployment services and eligibility assessment.

Resolution 2022-0071 authorized the Ohio Public Works Commission (OPWC) grant submission for Enon-Xenia Road improvements between Hunter Road and Green Vista Drive. This is to submit the grant for it.

Resolution 2022-0072 instructed the clerk to advertise for bids for the Middle Urbana Road Improvements project for the County Engineer. Bids will be due on February 17th.

Resolution 2022-0073 instructed the clerk to advertise for bids for Unit Price Contracts. It is an annual bid due on February 10th.

Resolution 2022-0074 acknowledged the receipt of funds for the Upper Valley Mall. This is for the Land Bank. Commissioner Wilt confirmed the numbers with Mr. Harris. The County is receiving \$845,000 back. There is \$250,000 in escrow for the Sears property. If it isn't acquired by August this year, the Commission will receive it back. With this resolution the Commissioners are forgiving \$1 million today. Commissioner Lohnes added there was an investment in time staff spent working on the facility. Mr. Harris said it would be hard to quantify the man hours. Commissioner McGlothin asked if there is an updated appraisal for the property. Mr. Harris replied no since it is still under construction.

Resolution 2022-0075 authorized a resolution supporting the Dayton Region Economic Development strategy. This was presented by the Dayton Development Coalition (DDC) back in the fall. Now they are asking the Board for the resolution of support. Mr. Harris met with the City of Springfield and the Chamber of Commerce last week. Staff unanimously endorsed it. It is a broad plan to allow the community to apply for grants. Airpark will be able to access funds. It is a needed document to be adopted to access the federal funds.

Resolution 2022-0076 acknowledged the levy request from the Clark County Historical Society. This is for a renewal levy. Commissioner McGlothin asked how much it would generate. Mr. Sherrock replied roughly \$700,000. This is the first renewal.

Resolution 2022-0077 authorized the disposal of a 2014 Ford Explorer on GovDeals.

Resolution 2022-0078 authorized the then and nows. These are typical for beginning of the year. Commissioner Lohnes asked the balance of the Law Library. Ms. Hutchinson wasn't sure of the exact number but knew it was large.

Resolution 2022-0079 authorized placement on the tax duplicate of unpaid water and sewer charges. They do offer payment options.

Resolution 2022-0080 authorized weekly travel expense allowances. DJFS (Department of Job & Family Services) replaced the prior request to add an additional staff member.

County Commissioner Updates:

Commissioner Wilt will be at the Fair Board meeting tonight.

County Administrator Updates:

Ms. Hutchinson said February 23rd is the annual chamber meeting. The County has a table.

She noted she has not received feedback from the villages and townships for police dispatch. Enon is the only one received so far. If they do not plan on signing staff needs to develop a process to cover the cost of their calls. Commissioner Lohnes felt the Sheriff's Office should reach back out. He felt they made a generous offer with the ARPA (American Rescue Plan Act) money. Commissioner Lohnes wanted the Board to back out of the operations discussions. Commissioner Wilt supported Ms. Hutchinson reaching out since the letter originated from her. Commissioner Lohnes wanted the offer withdrawn in they don't respond.

Commissioner McGlothin asked if dispatchers are in the new center. Ms. Hutchinson replied no. They are waiting on LEADS to give them the blessing. The other aspect is working with Motorola on when they can train staff.

Commissioner Lohnes wanted it clear the dispatch contract needs worked out with the Sheriff's Office. It's Major Clark's job.

Commissioner Wilt was shocked to see the AB Graham elected officials upset over funding for the deputy. The Commission put it in their budgets. A formula was created to fund the deputy. In addition, their budgets will not be cut. They want security. Two elected officials don't want to pay for it even though the Board is paying for it. She was baffled at that reaction. She felt they have gone above and beyond at their request. If the elected officials that are upset want to come back to the Board and request the Board take the money back that is fine. The Board will take the money back and there won't be security. The Auditor has talked about security for two years. Then the Clerk who funded the position for a year, is upset about the funding. They are the ones that changed their mind. They have been invited to a Commission Meeting to speak about it. Ms. Hutchinson pointed out the cost of living increase has always been provided by the general fund. Operating increases are based on non-personnel. The Board funds the personnel increases at a later time and never asks them to work in those increases.

The Board reviewed the calendar and events.

The Board recessed until 10:00 a.m.
