The inactive account base charges represent 40% of the 2015 operating costs for water/sewer divided by the number of respective water/sewer accounts annually adjusted;</li> <li>2. The charge estimates the fixed cost for a water and/or sewer account with no usage to provide “readiness to serve”;</li> <li>3. Any property (account) that is physically connected to the County water and/or sewer system will be subject to this charge when the water is turned-off or the property is demonstrated to be vacant in the case of a sewer only account;</li> <li>4. The inactive account base charge is in addition to any debt service for districts that have a debt service component in their rate schedule.</li> </ol>
